Portfolio: jadebarben.colutah.org/portfolio/index.html

About Me

I have had the privilege of learning software development part time for over 2 years, and I have recently been training at an accelerated tech training program to deepen my understanding of computer coding. I have been creating professional and mock projects using languages such as, HTML, SCSS, JavaScript, REACT.js, Python, PHP, Git, MongoDB, SQL, Apache, and PowerShell.

Example Projects

1. Portfolio Website   - URL: jadebarben.colutah.org/portfolio/index.html
   - Used: HTML, CSS, JavaScript, Flex-box
2. React Mad Libs Project – URL: github.com/barbenjade/bottega-madlibs
   - Used: REACT.js, CSS, Git, PowerShell
3. Green Ridge Website   – URL: jadebarben.colutah.org/gr/greenR.html
   - Used: HTML, SCSS, JavaScript, jQuery
4. PHP Database Web App   – URL: jadebarben.colutah.org/PHP/database
   - Used: HTML, CSS, Flex-box, SQL, PHP
5. React Facebook Project – URL: github.com/barbenjade/facebook_app
   - Used: REACT.js, JavaScript, Git, GitHub
